

Top-Tier Quality

Prairie Fresh USA Prime® products consistently deliver as close as we have ever come to pure pork perfection. We use our industry-leading proprietary technology to select premium cuts based on superior marbling, color and tenderness.

USA PRIME®

82% of consumers want higher quality pork at restaurants, and almost half will pay more for it.¹

100% ALL NATURAL*

AMERICAN OWNED FARMS

SUPERIOR TENDERNESS

Give guests a higher quality of pork with Prairie Fresh USA Prime® products. With our ability to control the entire process, you'll receive proven, unmatched quality that your guests will love. Here's what you can expect when you partner with Prairie Fresh®:

- Our connected food system allows you to be confident in knowing where our pork comes from.
- Our quality control program meets the rigor of a U.S. Department of Agriculture Process Verified Program for source verification, animal handling and meat quality.**
- Our proprietary technology helps measure marbling and color to ensure a higher level of consistency and premium attributes that result in high-quality pork.
- Count on us as your trusted pork partner, with a commitment to food safety, consistent quality product and relationship-focused service.
